

Report Overview:

In the following report we go over 24 criteras and test if they are passed in the index.html page.

The statistic is the following:

Total: 24

Pass: 17

Fail: 7

We divide into the for WCAG 2.1 principles.

Perceivable:

SC	Level	Result	Notes
1.1.1 Non-text Content	A	Pass	Main content is primarily text. The images are not relevant and more for decoration
1.3.1 Info and Relationships	A	Pass	Clear hierarchical, list used fort he groups.
1.3.2 Meaningful Sequence	A	Fail	Some essential features such as the list of 3 buttons are not reachable with tab
1.3.4 Orientation	AA	Pass	No orientation-dependent content
1.4.3 Contrast (Minimum)	AA	Pass	Yes, only black and white contrast provided
1.4.4 Resize Text	AA	Pass	Zooming does not lead to information loss
1.4.5 Images of Text	AA	Pass	Content uses real text for headings/navigation, not images of text.
1.4.10 Reflow	AA	Fail	When zoomed in, horizontal scrolling might be needed
1.4.11 Non-text Contrast	AA	Pass	Link focus/underlines and visible boundaries appear sufficient; verify focus indicator contrast.
1.4.12 Text Spacing	AA	Pass	Contrast is always given no matter what
1.4.13 Content on Hover or Focus	AA	Pass	No essential info is reached only by clicking or hovering. Just some extra hidden non-essential pictures

2. Operable:

SC	Level	Result	Notes
----	-------	--------	-------

2.1.1 Keyboard	A	Fail	Some elements cannot be reached with regular keys
2.1.2 No Keyboard Trap	A	Pass	No way to loop or get stuck
2.3.1 Three Flashes or Below Threshold	A	Fail	Little flash animation when clicking the pictures
2.4.1 Bypass Blocks	A	Fail	Blocks like the side cannot be skipped
2.4.2 Page Titled	A	Fail	Page is called index.html which is ambiguous
2.4.4 Link Purpose (In Context)	A	Fail	Links are not really implemented yet
2.4.6 Headings and Labels	AA	Pass	Informative headings structure across sections
2.4.7 Focus Visible	AA	Pass	By default yes – no changes made
2.5.3 Label in Name	A	Pass	Links/buttons use visible text as accessible name - no mismatch expected.

3. Understandable:

SC	Level	Result	Notes
3.1.1 Language of Page	A	Pass	English declared
3.2.3 Consistent Navigation	AA	Pass	Same navigator template used
3.2.4 Consistent Identification	AA	Pass	Repeated elements are identified and labelled

4. Robust:

SC	Level	Result	Notes
4.1.1 Parsing	A	Pass	No errors detected
4.1.2 Name, Role, Value	A	Pass	Names are correctly given, but no functionality not always given
